- Style Editor
- Sequence Editor
- OX 7 Drawbar Editor
- Optional 5 Toe Pistons

The Open Architecture System is mostly updatable through software...That can add sounds,features,rhythms and anything else that may become important in updating the OAS instruments.

Oas instruments offer hundreds of sounds, which can be recorded sound waves or algorithmically produced Sample Sounds. In addition,there are organ tones,which are controlled by stops.Every one of these sounds are works of art...

Scala \$45,900. Now **\$32,600.**
